

# DWA\_03.5 Knowledge Check\_DWA3.2

---

1. User story(ies) in Gherkin syntax for the "+" button.

**Feature:** Addition

As a user

I want to be able to add two numbers

So that I can get their sum

**Scenario:** Adding two numbers

Given I am on the calculator page

When I enter "5" into the calculator

And I press the "+" button

And I enter "3" into the calculator

And I press the "=" button

Then the result should be "8" on the display

---

2. User story(ies) in Gherkin syntax for the "-" button.

**Feature:** Subtraction

As a user

I want to be able to subtract two numbers

So that I can get the difference between them

**Scenario:** Subtracting two numbers

Given I am on the calculator page

When I enter "10" into the calculator

And I press the "-" button

And I enter "4" into the calculator

And I press the "=" button

Then the result should be "6" on the display
